

# GARDEN LAMP

RAW BRONZE, 1969

The Garden Spot is a cylindrical piece of cast raw bronze. This lamp is designed to blend discreetly into nature while gaining a natural patina over time very alike the one of a bark of a tree.

This lamp has been endorsed and used by leading landscape architects and designers such as Jacques Wirtz and Jean-Noël Capart.

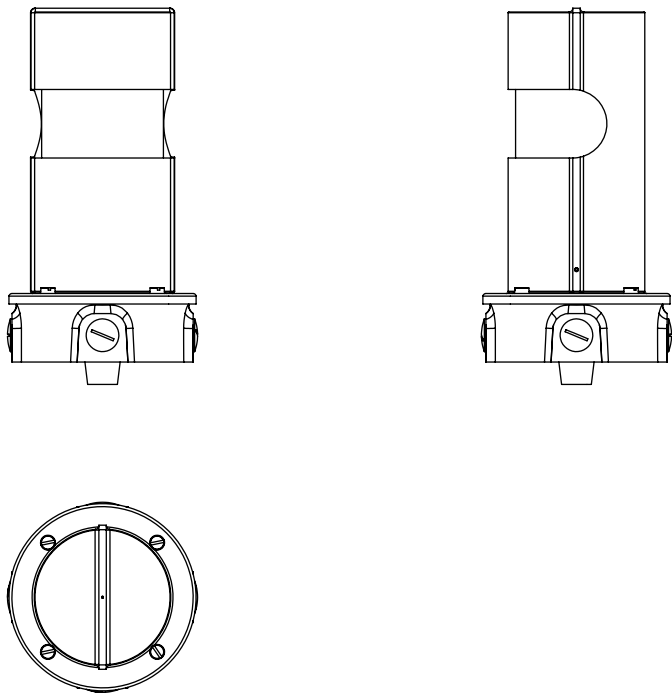

GEDE has manufactured this garden element since its creation in 1969.
